GRADUATE DIPLOMA OF APPLIED FINANCE

Business Valuation

The Graduate Diploma of Applied Finance specialising in Business Valuation is a program to develop applied valuation skills in professional services and other specialist firms, project evaluation and equity or investment banking analysis. Whether valuing a potential acquisition target or a private company, or undertaking an impairment review, this course will equip participants with the expertise to carry out a full range of valuation tasks.

This specialisation meets the educational requirements for Pathway 1 of the Business Valuation Specialisation of Chartered Accountants Australia and New Zealand.

**BENEFITS**
- A holistic approach to understanding the challenges facing valuation professionals.
- Understand the decision-making applications of valuations.
- Taught by valuation professionals.
- Develops your network of fellow professionals.
- Access to S&P Capital IQ and @RISK software throughout the course.
- A course supported by a dedicated advisory panel of senior industry professionals.
- Articulates to the industry-leading Master of Applied Finance.

**CAREER OPPORTUNITIES**
The Graduate Diploma of Applied Finance specialising in Business Valuation equips you for roles where valuation is an important core skill. These roles include:
- Equity analyst
- Investment banking analyst
- Project evaluation and business development analyst
- Valuation analyst
